

Hi ,

Here is info regarding the internship course and criteria. Overall, to be approved for internship credit, some aspect of the internship must be technical/engineering in nature.

Course Info

1. Department & Number is ENGR 195
2. Title is INTERNSHIP
3. If in summer session, sign up for SS10WK
4. in regular school year or summer session, sign up for 1 unit of credit with the P/NP grading option
5. Faculty Sponsor is John LaRue
6. Faculty UCInetID is JCLARUE
7. Obtain signature from Professor LaRue
8. Return form to Summer Session Office.

Criteria required before obtaining approval to sign up for the course.

1. Provide Name and address for company and primary activity at this company
2. Name and contact info for immediate supervisor
3. Ask immediate supervisor to email Robin Jeffers at <jeffers@UCI.EDU> and John LaRue <jclarue@uci.edu> stating that your internship will have a technical or engineering component or aspect, and that:
 - a) your manager will allow you to submit a three to four page technical report at the end of course term or internship--whichever comes first, and
 - b) That at the end of the course term or internship, whichever comes first, your manager will provide a brief assessment regarding your performance as an intern to Robin Jeffers and John LaRue. Please ask your manager to also let us know, in that response if s/he sees any gaps in our program prep that would have been helpful to you in the performance of your internship.

Criteria Required to Complete the Course

1. Submission of a three or four page paper describing the technical aspect of the internship.

NOTE TO STUDENT:

If your work will extend beyond the 10 week session, go to the International Center to ask for a CPT extension until the beginning of the next quarter.
